Main services

Strategic advice

Our advisors, specialised in all productive industries, will guide you on the opportunities for consolidating and expanding your business in Spain. We inform and **advise you on the situation in the industry, business opportunities, sources of financing, and public or private partners to consolidate or expand your investment.**

Internationalisation

As part of ICEX Spain Trade and Investment, we offer a wide range of services so that you can internationalise your productive investment from Spain: **from information on international markets to personalised services** like identifying commercial partners, preparing meeting agendas, market studies, etc.

We also **train professionals specialised in internationalisation** who can do internships at your company through the ICEX Scholarship Programme or work at your company thanks to the ICEX Alumni employment opportunities scheme.

Operational services

We give you access to **professional services** offered by providers **in the fields of tax, law, labour, finance, regulation, immigration, intellectual property, relocation** and other business services you need.

We have many **options for you to recruit the right talent for your business:** from professional schools and universities to leading HR companies.

Advocacy

If you need to resolve a specific situation for developing your business in Spain, or if you have any queries or issues, Invest in Spain **works with the other General State Administration bodies at state, regional and local** level to facilitate your solution.

Institutional support

At Invest in Spain, we coordinate efforts and **help you to obtain the necessary institutional support to enable your investment project to expand in Spain.** We also support you with presenting your project to the parent company thanks to our 100 offices worldwide.

Administrative services

We have an **immigration expert** specialised in advising on visas for the professionals required by your company. We also provide guidance on tax aspects, customs, certifications, etc.

Grants and subsidies

On the Invest in Spain website, you will find an advanced search engine for grants and subsidies available to companies, which is complemented by personalised advice on the most appropriate incentive for your project.
