

## **MODIFICATION OF THE PROPOSAL FOR DEFINITIVE RESOLUTION OF THIRD CALL FOR THE "INNOVA INVEST PROGRAM" COFINANCED BY ERDF FUNDS**

July 18th, 2025

The Instructing Body, due to the release of funds as a result of one of the companies included in the list of beneficiaries declining the aid, has elaborated a Modification of the Proposal for Definitive Resolution concerning the Innova Invest third call pursuant to the provisions of article 19 of that notice:

1. Modification of the Definitive Eligible Project List (appendix I): Projects included in this list whose grant amounts have been modified due to the release of funds will receive an individual notification so they may accept the proposed aid within 10 business days.
2. The projects included on the Modification of the Definitive Ineligible Project List (appendix II), despite having met the requirements and exceeded the minimum threshold established by the assessment criteria of the call, have not been included due to budget constraints.
3. Modification of the Provisional Unapproved Project List (appendix III) for not having met the minimum points awarded or declined the proposed aid.

In accordance with the provisions set out in Section 18 of the Program's Regulatory Bases, applications have been evaluated based on the following criteria, with a maximum score of 100 points:

- a) Business capacity to carry out investments in Spain. (0–20 points)
- b) Impact on employment. (0–20 points)
- c) Investment in technological resources dedicated to R&D. (0–20 points)
- d) Promotion of collaboration agreements with public and private entities. (0–20 points)
- e) Contribution of the project to the green transition and digital transformation. (0–20 points)

Applications that do not reach a total score of 50 points, according to the table, have been directly excluded. A minimum threshold of 10 points is required in criterion a) "Business capacity to carry out investments in Spain." In the event of a tie in the overall score, priority will be given to those applications with a higher score in criterion b) "Impact on employment."
